REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a new connector alignment for a portion of State Route 89A within the above referenced project.

The State of Arizona, by and through its Department of Transportation and Yavapai County, Arizona, desire to construct a new connector alignment for a portion of State Route 89A, and to designate it as an access controlled highway. Yavapai County has acquired the right of way necessary to construct a portion of said connector alignment between State Route 89 and existing State Route 89A. Accordingly, in order to proceed to the next phase it is necessary to establish and acquire the new right of way for this improvement.

The new right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, PRESCOTT - FLAGSTAFF Highway, Project S-366-723 / 089AYV321H507801R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway, and that access be controlled.

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.
