REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 191 within the above referenced project.

This portion was previously established as a state route and a state highway designated State Route 81 by Arizona Highway Commission Resolution dated September 9, 1927, page 26 of the Official Minutes; subsequent administrative action designated this portion U.S. Route 666; various Resolutions established additional right of way for improvements thereof; thereafter Arizona Transportation Board Resolution 92-09-A-64, dated September 18, 1992, renumbered and redesignated this portion from U.S. Route 666 to U.S. Route 191.

Additional right of way is now needed for widening improvements including right and left turn lanes and drainage improvements. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Stage III Design Plans, BOWIE JCT. - SAFFORD Highway, Project U-191-B-801/191GH110H493601R dated June 19, 2001."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway.
