REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of State Route 101 Loop within the above referenced project.

This portion was previously established as a state route and a state highway, designated Temporary State Route 101 Loop by Arizona Transportaion Board Resolution 88-05-A-40, dated May 20, 1988.

A drainage easement is now necessary to prevent freeway drainage from entering a property owners storm water retention system. Accordingly, it is necessary to establish and acquire the additional right of way for this improvement.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, AGUA FRIA FREEWAY, Project 600-0-705 / 101LMA020H081301R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established as an integral part of State Route 101 Loop and be designated part of the State Highway System.

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.

Respectfully submitted,

VICTOR M. MENDEZ, Director
