REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 191 within the above referenced project.

This portion was previously established as a state route and a state highway designated State Route 81 by Arizona Highway Commission Resolution dated September 9, 1927, page 26 of the Official Minutes; Resolution dated March 29, 1938, page 516 of the Official Minutes renumbered and redesignated State Route 81 to U.S. Route 666; thereafter Arizona Transportation Board Resolution 92-09-A-064, dated September 18, 1992, renumbered and redesignated U.S. Route 666 to U.S. Route 191; and Resolution 2003-01-A-007 dated January 17, 2003, established additional right of way as a state route and state highway for improvements thereof.

Due to a design change, additional right of way is now needed to improve Construction Segments I and IV. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, WILLCOX - SAFFORD Highway, Project U-191-B-802 / 191GH087H503701R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway.

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.

Respectfully submitted,
