REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of State Route 179 within the above referenced project.

This portion was previously established as a state route, by Arizona Highway Commission Resolution 60-76, dated February 1, 1960; thereafter Arizona Transportation Board Resolution 87-02-C-008, dated February 23, 1987, established this portion of State Route 179 as a Scenic Road.

Additional right of way is now needed for traffic intersection improvements. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, RIMROCK - SEDONA Highway, Project S-179-A-700 / 179YV306HX14901R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway.

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.
