REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 191 within the above referenced project.

This portion was previously established by various Resolutions as a state route and state highway designated U.S. Route 666; subsequently Arizona Transportation Board Resolution 92-09-A-064, dated September 18, 1992, redesignated and renumbered U.S. 666 to U.S. 191; and Resolution 99-05-A-023, dated May 21, 1999, established additional right of way for improvements thereof.

Additional right of way is now needed for widening improvements to enhance safety for the traveling public. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated March 1, 2004, SAFFORD - SPRINGERVILLE Highway, Project F-051-2-713 / 191GE167H460201R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route, and that the area to established as a state highway prior to construction.
