REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 191 within the above referenced project.

This portion was previously established as a state route by Arizona Highway Commission Resolution dated May 2, 1947, page 135 of the Official Minutes; Resolution dated June 16, 1947, page 186 of the Official Minutes as a state highway designated U.S. Route 666; thereafter Arizona Transportation Board Resolution 92-09-A-64 dated September 18, 1992, redesignated and renumbered U.S. Route 666 to U.S. Route 191; and Resolution 2001-02-A-006 dated February 16, 2001, established additional right of way as a state route and state highway for improvements thereof.

Additional right of way is now needed due to design changes. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated March 16, 2004, SAFFORD - SPRINGERVILLE Highway, Project F-191-C-800 / 191GE144H303001R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway.
