REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of State Route 61 within the above referenced project.

This portion was previously established as a state route and state highway by Arizona Highway Commission Resolution dated August 5, 1949, in the Official Minutes, pages 213 and 214; thereafter Arizona Transportation Board Resolution 2004-10-A-058, dated October 15, 2004, established additional right of way for drainage and intersection improvements as a state route for this upcoming construction project.

The additional right of way required to improve operational characteristics and safety for the traveling public is now ready to be established into the State Highway System for the construction phase. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, WITCH WELL - ZUNI Highway, Project S-061-B-800 / 061AP416H609501R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state highway.
