REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S Route 191 within the above referenced project.

This portion was previously established by various Resolutions as a state route and state highway designated U.S. Route 666; subsequently Arizona Transportation Board Resolution 92-09-A-064, dated September 18, 1992, redesignated and renumbered U.S. Route 666 to U.S. Route 191.

Additional right of way is now needed for the realignment of a portion of U.S. Route 191 to enhance safety for the traveling public. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, SAFFORD - SPRINGERVILLE Highway, Project 191GE173H681501R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state route and state highway.

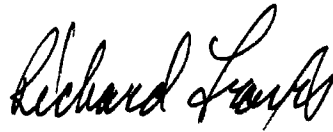

I further recommend the acquisition of the new right of way, material for construction, haul roads and various easements necessary for or incidental to the improvement.
