REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment of the state route for Yuma Area Service Highway, State Route 195 as a state highway within the above referenced project.

This portion was previously established as a State Route Plan by Arizona Transportation Board Resolution 2002-11-A-058 dated November 15, 2002, and Resolution 2003-11-A-068 dated November 21, 2003, established a portion as an access controlled state highway for construction improvements.

Said state route is now ready for construction and must be established as a state highway. Accordingly, it is necessary to establish that portion of the state route of the Yuma Area Service Highway as a state highway.

The portion right of way to be established as a state highway is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, YUMA AREA SERVICE Highway, Project N-900-A-800 / 195YU000H577401R."

In the interest of public safety, necessity and convenience, I recommend that the area depicted in Appendix "A" be established and improved as a state highway, and that access be controlled.
