REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of State Route 195 within the above referenced project.

This portion was previously established as a State Route and State Highway by the Arizona Transportation Board Resolution 2002-11-A-057, dated November 15, 2002, to perform pavement preservation improvements; Resolution 2002-11-A-058, dated November 15, 2002, established this portion as a State Route Plan with Advance Acquisition.

The new right of way required for widening improvements is now ready to be established into the State Highway System for the construction phase. Accordingly, it is necessary to establish and acquire the additional right of way for this project.

The additional right of way to be established and acquired for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, YUMA AREA SERVICE Highway, Project N-900-A-800 / 195YU000H577401R."

I further recommend the acquisition of the new right of way, material for construction; haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.
