REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 191 within the above referenced project.

This portion was previously established as a state route and state highway by the Arizona Highway Commission Resolution dated September 9, 1927, page 26 of the Official Minutes, designated State Route 81; Resolution dated May 16, 1935, page 207 of the Official Minutes relocated a portion thereof; Resolution dated March 29, 1938, page 516 of the Official Minutes requested the continuation of U.S. Route 666 over State Route 81; Resolution dated May 31, 1957, page 199 widened and improved a portion thereof; Resolution 69-56 dated June 27, 1969 established additional right of way; thereafter Arizona Transportation Board Resolution 92-09-A-64 dated September 18, 1992 redesignated and renumbered U.S. 666 to U.S. 191; and Resolution 94-05-A-025, dated May 13, 1994, established additional right of way for improvements thereof.

This project involves improvements in and around the existing right of way for U.S. Route 191. Temporary construction easements outside the existing right of way are needed for the reconnection of driveways due to a sidewalk project to enhance safety of the general public. Accordingly, it is now necessary to establish and acquire the temporary construction easements needed.

In the interest of public safety, necessity and convenience, I recommend that the temporary construction easements depicted in Appendix "A" be acquired in order to improve this portion of U.S. Route 191.

I further recommend the acquisition of material for construction, haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.
