REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of State Route 89 within the above referenced project.

The existing alignment was previously established by Resolution of the Arizona State Highway Commission in the Official Minutes of September 9, 1927 at page 26; thereafter Arizona Transportation Board Resolution 85-04-A-08 dated April 26, 1985, established additional right of way for intersection improvements; various Resolutions established additional right of way for improvements thereof.

New right of way is now needed for drainage improvements. Accordingly, it is necessary to establish and acquire the new right of way for this improvement project.

The new right of way to be established and acquired for the improvements is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "95% Design Plans, dated August 9, 2010, WICKENBURG - PRESCOTT Highway."

In the interest of public safety, necessity and convenience, I recommend that the new right of way depicted in Appendix "A" be established and improved as a state route and that prior to construction the new right of way shall be established as a state highway.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.
