REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the amended establishment of new right of way as a state route and state highway for the improvement of State Route 101 Loop within the above referenced project.

Amendment of Arizona Transportation Board Resolution 2010-04-A-032, dated April 16, 2010 is required to facilitate relocation of irrigation structures for this highway improvement project. Accordingly, it is necessary to establish and acquire the new right of way as an amended state route and state highway, and that access be controlled as necessary for this improvement project.

The amended new right of way to be established and acquired as a state route and state highway for this improvement, to include access control as necessary, is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, AGUA FRIA FREEWAY, Project 101LMA000H726701R."

In the interest of public safety, necessity and convenience, I recommend the amendment of Resolution 2010-04-A-032, dated April 16, 2010, depicted in Appendix "A" as a state route and state highway, and that access is controlled as delineated.

I further recommend the immediate amended establishment of existing county, town and city roadways into the state highway system as a controlled access state route and state highway which are necessary for or incidental to the improvement as delineated on said maps and plans, to be effective upon signing of this recommendation. This Resolution is considered the conveying document for such existing county, town and city roadways and no further conveyance is legally required.
