REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of State Route 89 within the above referenced project.

The existing alignment was previously established as state route and state highway, designated State Route 89 by the Arizona Highway Commission Resolution dated September 9, 1927, pages 26 and 27 of the Official Minutes; Resolution dated October 25, 1949, pages 274-277 established State Route 89 as a state highway for improvements; thereafter, various Resolutions established additional right of way for improvements thereof.

New right of way is now needed to construct a baffle dam and chute. Accordingly, it is necessary to establish and acquire the new right of way for this improvement project.

The new right of way to be established and acquired for the improvements is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated October 29, 2010, PRESCOTT - ASH FORK Highway."

In the interest of public safety, necessity and convenience, I recommend that the new right of way depicted in Appendix "A" be established and improved as a state route and that prior to construction the new right of way shall be established as a state highway.
