REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

The Intermodal Transportation Division has made a thorough investigation concerning the establishment and improvement of a portion of U.S. Route 89 within the above referenced project.

This portion was previously established as a state route and state highway by Arizona State Highway Commission Resolution dated September 9, 1927, page 26 & 27 of the Official Minutes.

This project involves improvements in and around the existing right of way for U.S. Route 89. Temporary construction easements outside the existing right of way are needed for construction access and for new bridge construction.

Accordingly, it is now necessary to establish and acquire the temporary construction easements needed.

The area of temporary construction easements required for this improvement is depicted in Appendix "A" and delineated on maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "60% Design Plans, dated March, 2012, CAMERON - BITTER SPRINGS Highway."

I further recommend the acquisition of material for construction, haul roads and various easements necessary for or incidental to the improvement.

Pursuant to Arizona Revised Statutes Section 28-7046, I recommend the adoption of a resolution making this recommendation effective.
